

Dear Coach,

You and your offensive staff are encouraged to attend the FCPGA's "Shotgun and Pistol Offense Installation & Teaching Methods" Clinic, March 12 -13, 2010 at Poway High School in Poway, California (North San Diego County).

This in-depth clinic will focus on the Shotgun and Pistol running game, option football, play action and bubble screen off play action, and the bootleg passing game.

The clinic is structured so your staff can have a total learning experience of both offenses, from both a schematic and individual positions skills and drills necessary for execution.

What separates this clinic is we will focus as much on the "must list" of individual positions techniques-drills teaching progressions as the schematics of both offenses.

I will be your clinician; my background in Shotgun and Pistol offense is three fold. 1. I've cliniced High school and college coaches throughout the nation on these offenses. 2. I've cliniced staffs across the nation on how to defend these offenses. 3. I've researched these offenses for the past six years.

This is a "hands on" clinic so have your coaches attend in coaching wear.

Feel free to call me at (858) 748-7566 if you have any questions

Cordially,

Bill
